

**HUN
REN**

Nuclear Physics Underground and Beyond: LUNA winter meeting

- Date: January 28 – 30, 2026
- Venue: HUN-REN Atomki, Debrecen, Hungary
 - In-person sessions
 - All open sessions will be available online
- Topic
 - Ultra-sensitive experiments that reveal scientific questions in the fields of astrophysics and nuclear astrophysics.
- Registration
 - Free of charge (registration required)
 - Register via the Indico page: <https://indico.atomki.hu/event/2/>
 - Deadline: January 15, 2026
- Target audience
 - Researchers, students, and young post-docs interested in nuclear astrophysics
- Please forward this invitation to colleagues, students, and post-doctoral fellows who might be interested.

Best regards,

The Local Organizing Committee

Chair: László Csedreki, HUN-REN ATOMKI, Hungary
Gábor Gyula Kiss, HUN-REN ATOMKI, Hungary
Maria Lugaro, HUN-REN CSFK, Hungary
Marcell Juhász, HUN-REN ATOMKI, Hungary

Advisory Board

Marialuisa Aliotta, University of Edinburgh, UK
Daniel Bemmerer, HZDR, Germany
Antonio Caciolli, INFN Padova, Italy
Francesca Cavanna, INFN Torino, Italy
Federico Ferraro, INFN LNGS, Italy
Alba Formicola, INFN-Roma 1, Italy
Giovanni Francesco Ciani, INFN Sezione di Bari, Italy
Alessandra Guglielmetti, INFN Milano, Italy
Carlo Gustavino, INFN-Roma 1, Italy
Gianluca Imbriani, INFN Sezione di Naples, Italy
Valentino Rigato, INFN-LNL, Italy
Sandra Zavatarelli, INFN Genova, Italy
Fülöp Zsolt, HUN-REN ATOMKI, Hungary

Conference Secretary

Erzsébet Leiter, HUN-REN ATOMKI, Hungary
